## Lions Leased Swim Pool

PAHOKEE — Leasing of the City of Pahokee swimming pool property to the Lions Club for a period of 99 years highlighted the regular meeting of City Council Monday night.

City Attorney Ralph Johnson read two documents of agreement which would (1) grant the long-term lease with option to purchase, to the Lions Club, which had been instrumental in originally helping to raise funds to build the swimming pool, and

(2) Provide for operation of the pool by the city, with 50 percent of net profit from the pool's operation to revert to the city.

Councilman Robert Simonson moved that both agreements be executed. The motion was seconded by Councilman George Tucker, Jr. and passed by council without dissent.

Dates for the upcoming city elections were officially determined. The election will be held May 8, with run-offs on May 15. Deadline for candidates to qualify and register is Apr. 27, with May 2 the deadline for returning absentee ballots.

Six individuals appeared before the council to see reinstatement on the city voting rolls. All were reinstated.

## Port Officials Due On Tuesday

PORT OF PALM BEACH — Members of the Lions Club of Pahokee will meet with Billy B. Burns, chairman of the Port of Palm Beach District Board of Commissioners, at their weekly luncheon Tuesday, and will hear Capt. N. W. Sharpe, USNR-R, manager of the port's industrial development department, discuss present and future aspects of the port.

Attorney Ralph Johnson completed arrangements for the program when he telephoned Capt. Sharpe last Tuesday. He invited all three port commissioners to attend the luncheon and, on talking with L. R. Bishop, port director, learned that Burns could attend. Bishop told Johnson he would attend if he could shift several previous commitments.

Capt. Sharpe will give each Lions Club member a copy of the port's pictorial brochure which depicts port activity in photographic production.

## WORST WEEK IN FIRE DIST. HISTORY

BELLE GLADE — This week has been the worst week by far in the history of the Everglades Fire Control District, Chief Guy J. Bender said yesterday in expanding his remarks made to GLADES OBSERVER last week in drawing the public's attention to the extreme crisis the Everglades region faces as a " tinderbox area."

The number of fires have doubled in the past week, Bender said, adding that "these fires are like Pinkham pills — they break out every 10 minutes."

Only antidote to the fires is rain — even a shower of 1/4-in. the chief said. While no general rainfall was predicted, it was reported light rain clouds would hover over central Florida today. Asked if authorities were contemplating seeding clouds with dry ice to induce rain, Chief Bender said they weren't, because he had experimented with "seeding" several years ago with no success.

"We induced rain, all right," he said, "but it fell in Everglades National Park, far from where we needed it."

Last week's fire along Levee 8 north of Connors highway and east of Canal Point still rages.

This week, it spread in most directions with changes of wind. It spread onto U.S. Sugar Corporation land, but had been halted there.

Biggest danger from the fires in that area appeared to be burning of levees and dikes. Some two miles of dikes had burned out on Canal Point.

A major victim of the Canal Point fire was the M & M Ranch, a new ranch development northwest of Twenty-Mile Bend. Pumping units were able to fight the fire on some of the ranch area, but lack of any water on the eastern edge of the ranch hindered the fire fight. In fact, at one time the fire would spread eastward unchecked. Fighters succeeded in cutting its progress off, however.

A factor in the newly-cleared M & M Ranch fire were windrows of debris from cleared areas, which invited spread of the conflagration. A firefighter's Jeep was burned up in this fire.

Major fires along the Broward-Palm Beach county line reported by OBSERVER last week were checked but still burning. Meanwhile, a major fire broke out west of SR 7 north of the Broward-Palm Beach county line, forcing re-routing of traffic to coastal highways.

With demand on Chief Bender's fire fighting units at the maximum, outside help was called to handle at least one fire. The Palm Beach Fire Department was called upon yesterday to extinguish a potentially dangerous fire which broke out at the Pahokee Airport.

## HIGH CAMPOREE SCORER: 28

PAHOKEE — Boy Scout Troop 28, led by Scoutmasters Louis Mims and Ed Carver, was top scorer in the spring camporee of Gulf Stream Council, BSA, held at Dan McCarty Camp on the Loxahatchee River near Jupiter.

Receiving 960 points out of a possible 1,940, Troop 28 was awarded a blue ribbon for having the highest score of all troops attending the camporee. This is the first time a Pahokee troop has earned such a high rating in the Gulf Stream Council.

With a membership of 28, Troop 28 scored high in appearance, presentation of skills, first aid demonstrations, scout detection tests, knot-tying contests and camping technique.

The manner in which Troop 28 camped was set up impressive officials. After pitching their tents, the Pahokee Scouts built a palmetto front fence around their camp site and designed a handsome woodland camp entrance with the troop's name outlined with pine cones. Camp furniture was built on the scene from tree limbs and lashings and the latest approved cooking and camping "gadgets" were used.

Reactivated only a little over a year ago, Troop 28 now has one Eagle Scout, one Life Scout, six first class Scouts and three second-class Scouts. The remainder are Tenderfoot Scouts.

Foremost, he said, was the C-C's spearheading of a drive for a new headquarters, which reached fruition this week with the start of the new Civic Center.

He pointed out that the Chamber sponsored the first Glades-wide Fourth of July celebration, which brought some 4,000 Glades and South Florida residents to Pahokee and which will be repeated on a larger scale this year. The Chamber, with the cooperation of the city and Florida Power & Light Company, again sponsored the Christmas lighting of the city in 1955, Parrish said.

He listed maintenance of the major north-south arteries as a Chamber accomplishment, and noted that the signs have been moved to even more advantageous placement on US 441 and US 27.

The mailing out of more than 3,000 Pahokee brochures paid for by the Chamber gave the community nationwide publicity in 1955, Parrish pointed out, and the continuation of the solicitation control program has effectively hampered fly-by-night salesmen.

ALBERT WRIGHT DROPS DEAD

CANAL POINT — Albert Wright, colored, dropped dead of a heart attack Thursday morning across the street from J. K. Royeton's residence. He had been helping move chicken coops and stopped to pick up a quart when he had the fatal attack. Albert, about 70, lived at Sand Cut and had plowed and mowed for out jobs for Canal Point residents for about 25 years. He was pronounced dead by Justice of the Peace Bob Bardin, who was called to the scene.

Rev. Walter Schoech, of Redeemer Lutheran Church, West Palm Beach, and Vicar Irwin Baumgartner of the local church officiated at the funeral. Burial was in Woodlawn Cemetery, West Palm Beach. Wetherington Funeral Home was in charge.

Active pallbearers were Pat Burke, L. W. West, W. R. Hooker, H. J. Harris, George Tedder, Frank Kruse, W. E. Schlechter, and Roscoe Braddock. Honorary bearers were Lawrence Bessent, G. I. Evans, A. C. Krumjerg, A. B. Ball, Fred Anap, Joe Freedlund, W. A. LaFalls, J. R. Cherry, and L. Price.

Mr. Kirchman died Saturday morning at Belle Glade Memorial Hospital following long illness. He was born on Jan. 24, 1893 in Sumner, Ia. and grew up there, marrying Miss Minnie Meyer of that town on May 11, 1905.

The couple lived in Sumner, engaging in dairy farming until 1921 when they came to Moore Haven, Sumner, Ia. Moore Haven, Sumner, Ia., and August were born in Sumner and came with their parents to Woodlawn Cemetery in Chicago, and a brother, August, of Bilozi, Miss. and 22 grandchildren. He and Mrs. Kirchman celebrated their golden wedding anniversary last May.

## Smoke, Smog Hinder Driving

Possibility of closing some Glades roads to traffic during night and early morning hours because of smoke and smog conditions was voiced yesterday by Chief Guy J. Bender.

If fires persist and smog continues to envelope some highways, extremely treacherous driving conditions will continue, according to the chief.

Especially dangerous this week were Connors Hwy. and SR 80, both Gladesward from the airport. Smog rolling in from mud fires has slowed traffic and at times halted it with zero visibility.

The west-bound early morning mail truck from West Palm Beach was delayed an hour and a half Wednesday, and half an hour yesterday morning, both delays caused by smog rolling in from mud fires and at times halted it with zero visibility.

About 30 people evidently stopped by the side of the road to have abandoned cars at various points along Connors Hwy. Tuesday night to avoid the fires for warmth, Bender said.

The highway patrol was reportedly doing nothing about pending warnings of "smog ahead" or directing traffic at smog spots. However, patrolmen responded to a flurry of minor accidents occasioned by cars making head-on collisions, and being stalled by invisibility the nearest auto then being struck by vehicles approaching from still further back.

## RED CROSS DRIVE \$1,900 TOWARD QUOTA

BELLE GLADE — Dr. J. Leighton Scott reported this week that the Red Cross and local goal is \$3,000, now has come to nearly \$1,900.

## GLADES PIONEER KIRCHMAN DIES

BELLE GLADE — The ranks of Glades pioneers thinned once again in the past week with the death of Frederick William Kirchman, 73, who came here from Moore Haven in 1922, when the 30-odd miles took two days to traverse.

The new St. Peter's Lutheran Church, "Pop" Kirchman's dream come true, was the scene of his funeral services Tuesday at 10 a.m. Mr. Kirchman, resident of Chosen, had been a worker in the church since the seaview pastor who served this area came by canal from West Palm Beach.

Rev. Walter Schoech, of Redeemer Lutheran Church, West Palm Beach, and Vicar Irwin Baumgartner of the local church officiated at the funeral. Burial was in Woodlawn Cemetery, West Palm Beach. Wetherington Funeral Home was in charge.

Active pallbearers were Pat Burke, L. W. West, W. R. Hooker, H. J. Harris, George Tedder, Frank Kruse, W. E. Schlechter, and Roscoe Braddock. Honorary bearers were Lawrence Bessent, G. I. Evans, A. C. Krumjerg, A. B. Ball, Fred Anap, Joe Freedlund, W. A. LaFalls, J. R. Cherry, and L. Price.

Mr. Kirchman died Saturday morning at Belle Glade Memorial Hospital following long illness. He was born on Jan. 24, 1893 in Sumner, Ia. and grew up there, marrying Miss Minnie Meyer of that town on May 11, 1905.

The couple lived in Sumner, engaging in dairy farming until 1921 when they came to Moore Haven, Sumner, Ia. Moore Haven, Sumner, Ia., and August were born in Sumner and came with their parents to Woodlawn Cemetery in Chicago, and a brother, August, of Bilozi, Miss. and 22 grandchildren. He and Mrs. Kirchman celebrated their golden wedding anniversary last May.

Community Easter sunrise services will be held Sunday in both Belle Glade and Pahokee, at 8 a.m.

Lair Field will be the scene of the Pahokee dawn service, with the city's churches, service clubs and school groups participating. Pahokee high school glee club, directed by Miss Margaret Powell, will sing "Rejoice Ye Christians Loudly." Lions and Rotarians will usher. The Garden Club is in charge of flowers and decorations.

In Belle Glade, at the football field, Dr. J. Leighton Scott, pastor of Everglades Presbyterian Church will preach on "The Challenge of the Empty Tomb." The ministerial association will be in charge of the program.

## Frasure Funeral TO Be Held Today

PAHOKEE — Funeral services for L. J. Frasure, Jr., 36, will be held this morning at 10 o'clock, in Daytona Beach. He passed away early Tuesday after undergoing surgery for a stomach ailment on Monday.

He was a living time resident of Pahokee, living here from 1921 to 1950, starting on the high school football team, and graduating here. He served for some time as manager of Everglades Memorial Hospital.

He leaves his wife, June; children, Bonnie Jean, Myra Ruth and Jay, his parents, Mr. and Mrs. J. J. Frasure, Jr., and one sister, Mrs. Izetta Kautz, all of Daytona Beach, and a brother, Homer, of Jacksonville.

## THREE IN RACE FOR MAYORALTY

PAHOKEE — A businessman, a cattleman, and a carpenter are in the mayoralty race here thus far, with at least one more candidate expected to qualify before the Apr. 27 deadline. F. S. Parrish, George H. Tucker, Jr., and Billy Stuckey have qualified as candidates for the post of mayor, according to City Clerk Dorothy Graham.

Parrish, former president of City Council, on which he served one term, 1953-55, is owner of Parrish Jewelry. He came to Pahokee 12 years ago from Raleigh, N.C.

The 40-year-old businessman has been active in civic life, having been one of the reorganizers of Lions' Boy Scout Troop 28, and is presently president of the Chamber of Commerce and co-chairman of the Civic Center committee. He is a member of Pahokee First Methodist Church, a director of RDB, and a member of the Elks. He is married and has two children. "If elected, I will continue to do as I have since I have been here—to work for a more progressive Pahokee," he said.

## EXPERIMENT STA. STOCK TOPS

BY R. W. KIDDER

Associate Animal Husbandman  
Everglades Experiment Station

BELLE GLADE — Two Bravon bulls (Brahman-Devon crosses) from Everglades Experiment Station made gain records among the best in a 14-day bull testing program completed Saturday at Brooksville.

The two Belle Glade Bravons averaged a gain of 2.9 pounds each per day, and one of them, "No. 1115," with a gain record of 3 pounds per day, achieved the second highest grade at the test's conclusion. First in grade was a Hereford with a gain of 2.3 pounds per day.

Attending the Brooksville affair on Saturday were H. L. Chapman, Jr., and Harold Brough, from the experiment station's animal husbandry staff and myself.

While the test was planned as an aid to each breed or breeder in improving his herd or breed, the records do give some data on breed comparisons and show that the breeds developed from the Brahman-crossed cattle have greater gaining ability than the breeds of European origin.

At the request of cattlemen who are members of the several breeders' associations, the experiment station of the University of Florida and the Agricultural Research Service, USDA, established the test.

The engineers cited Belle Glade as having an "unusual problem" with its water supply, and noted that re-called older rather than newer methods of treatment are more suitable due to local problems.

The cost estimate includes extension of the raw water intake 75 feet, new forced-draft servitors and mix-and-sedimentation basins, new feeders and filter media, new high-service pump, above-ground and underground storage for a million gallons of treated water, and new feeder lines.

With Mayor Walter Ashley in the chair, Commissioners S. T. Ingram, Eugene Ellis, J. Marvin Unwin, and J. H. Livingston, Jr. decided to postpone, pending a discussion of the matter next week, two additional water service problems.

The first was presented by Thurmond Knight, Pahokee builder and realtor, who requested the city put out a water main.

## Slaughter Prices Steady, Higher

BELLE GLADE — Slaughter cattle brought steady to 50 cents higher this week than last, with replacement steers 50 cents to \$1 higher, at the Glades Livestock Market, Managor Young announced.

Wednesday sales were up, but the week's total of 722 cattle was lower than in previous weeks. Sales gross for the week was \$58,320.23.

Young noted that a demand for slaughter stock exists and suggested cattlemen market their barren cows now. He said nine-cul cows sold by U.S. Sugar Corporation on Monday brought \$167.35 each. Their average weight was 1,196 pounds.

Weekly sales summary follows:

# Church Activities In The Glades

## FIRST CHURCH OF CHRIST, SCIENTIST, Belle Glade CHRISTIAN SCIENCE GROUP, Canal Point

The significance for all mankind of Christ Jesus' victory over disease and death will be emphasized at Christian Science services Sunday.

Scriptural passages regarding Jesus' crucifixion, resurrection, and ascension will be read from the Bible selections to be read from the gospels of Matthew, Mark, Luke, and John. "Unrealities" is the Lesson-Sermon topic. Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following: "The resurrection of the great demonstrator of God's power was the proof of his final triumph over body and matter, and gave full evidence of divine Science... evidence so important to mortals. The belief that man has existence of mind separate from God is a dying error. This error Jesus met with divine Science and proved its nothingness." (42:15-21).

## GLADES JEWISH COMMUNITY CENTER

The story of the deliverance of the ancient Israelites from Egyptian bondage was rehearsed by Glades Jewish at the same time the holiday was ushered in Jewish homes throughout the world.

On Monday Jewish families gathered around festive tables on the Passover Eve for the holiday service and meal, known as the Seder (Scuder). The traditional "four questions" were asked by members of the Sunday School.

Along with prayers and songs of thanksgiving, Jonas Lehrer, president of Beth Sholem, answered the questions by telling how the Jews toiled for the Pharaoh, how Moses grew up in the palace but could not brook the serfdom of his people and how he led the revolt against Egypt and ultimately liberated his people.

In honor of history's first mass protest against human slavery, Jews will recite special supplications and take part in a special liturgy glorifying man's right to be free.

Associated with the celebration of Passover is the unleavened bread, or matzo (MAITZ-ah), symbolizing the "Bread of Affliction." Eating it during Passover is supposed to remind the Jews of slavery's bitterness and his divine duties to aid in the uplift of human beings.

An overflow crowd was in attendance at Belle Glade County Club for the Seder held there.

## Miss Perkins, Burke Wed In Double-Ring Rites

Miss Mary Frances Perkins, of Chosen, daughter of Mr. and Mrs. Fred A. LeFlis, became the bride of Leon Donald Burke, also of Chosen, son of Mr. and Mrs. Pat L. Burke, in a double ring ceremony performed at the First Baptist Church on Sunday, Mar. 25 with Rev. U. W. Malcolm officiating.

The bride was given in marriage by her father. She wore a floor-length gown of imported Chantilly lace over white satin, fashioned with a basque waist, with long pointed sleeves and square neckline outlined with scalloped lace trimmed with tiny seed pearls and sequins. The bouffant skirt had a cascade of scalloped lace ruffles down the back ending in a chapel length train. Her three-toed silk illusion veil was caught to a lace tiara outlined with seed pearls and sequins. She carried a nosegay bouquet of white roses, centered with three Phalaenopsis orchids, and outlined with lace. Ribbon streamers from the bouquet.

She was attended by Mrs. Lewis Walker of Pahokee as matron of honor, by Mrs. Mary Chancy of Belle Glade and Miss Doris Burke of Chosen, sister of the groom, as bridesmaids. The groom, as William Burke of Gainesville, brother of the groom, and ushers were Herbert Priest, of Chosen and Lewis Walker of Pahokee.

The matron of honor wore a ballerina length gown of blue crystal-embroidered tulle with long sleeves and gathered onto a full skirt. The square neckline was edged with a jet collar. She wore a matching blue headpiece, and matching satin shoes. Her nosegay bouquet was of white lilies, white carnations, and pink and white carnations. The bridesmaids were attired in gowns similar to that worn by the matron of honor, and they carried similar bouquets.

The church was decorated for the ceremony with baskets of gladioli, palms and candelabra. A reception for family and friends followed immediately in the recreation hall of the church. The wedding cake was iced in white, decorated with white roses and wedding bells, and topped with a miniature bride and groom. Mrs. Priest served the cake, while Mrs. E. W. Scheffler served punch, and Miss Burke kept the bride's book. The bride's mother wore a two-piece suit of aqua and white and the mother of the groom wore a blue crepe dress with matching accessories. Both had lavender orchid corsages.

For traveling, the bride wore a printed silk sheath with the lavender duster lined to match the dress and pink accessories. After a trip to the East Coast, the couple will be at home in Chosen.

Mrs. Burke was educated in the Belle Glade schools, graduating from Belle Glade high school. She was a member of

the Order of Rainbow for Girls, and is a member of the Southern Bell Professional Woman's Club. She is employed by the Southern Bell Telephone Company.

The groom attended the Belle Glade schools, and was graduated from the Georgia Military Academy. He attended the University of Florida in Gainesville. He served in the army during the Korean conflict and was a platoon sergeant. He is associated with his father in the farming and cattle business.

Out-of-town guests attending the ceremony included Mr. and Mrs. Ray McGill and Ricky from Lake Wales; Mr. and Mrs. J. Moore from West Palm Beach; Mr. and Mrs. W. C. Thompson from Miami, and Miss Jeanne Royals from West Palm Beach.
